“I move to [approve/approve with amendments] the Standing Advisory Committee meeting minutes from September 14, 2023.”
Medicaid PHE Unwinding Update
Medicaid Check-In 2023

Maryland Department of Health, Office of Health Care Financing
Data Updates through September 2023
### September Summary Data

**Total participants up for renewal with a September 30 coverage end date:** 116,601

**Total participants auto-renewed in Maryland Health Connection:** 62,659 (69.5%)

*Maryland has paused procedural terminations of Medicaid participants for the month of August and September in accordance with recently released CMS guidance.*

Redetermination Data through September 2023

Coverage Extension Rate
• $\frac{455,150}{638,602} = 71\%$

Procedural Termination (e.g., not returning paperwork) Rate
• $\frac{66,044}{638,602} = 10\%$

Ineligible Rate (referred to Qualified Health Plan through Maryland Health Connection)
• $\frac{65,292}{638,602} = 10\%$

* Numbers do not include procedural terminations for August and September
Procedural Termination by Month

- May 2023: 20.5 percent
- June 2023: 12.3 percent
- July 2023: 16.6 percent
- August 2023: 0 percent
- September 2023: 0 percent
Medicaid Check-In Campaign Updates
Statewide Medicaid Check-In Campaign

- Key Objectives:
  - Encourage Medicaid participants to update their information
  - Generate awareness of the redetermination process statewide using an integrated mix of vehicles that reflect the audience’s media preferences

- The campaign is presented in English and Spanish with statewide distribution plans allocated in accordance with enrollment. Hispanic media is leveraged to reach primarily Spanish-language portions of the audience.

- MDH, MMCOA, and GKV are continuously assessing the campaign and identifying areas for improvement, targeted outreach, and additional materials.
Review of Zip Code Data

May, June, and July data have been released identifying individuals who were disenrolled due to a procedural reason.

- It is important to note that some of these individuals have already re-enrolled as they are within their 120-day reconsideration period
- Additional direct outreach is being conducted to these former members by the MCOs, MHBE and DHS

Nearly 60% of the combined procedural disenrollment activity for Cohorts 1-3 is concentrated in 60 zip codes

- When comparing each individual cohort file, there is significant overlap in the zip codes with the highest procedural disenrollments
- Of the Top 10 zip codes for cohort #3, 8 of those zip codes were also in the Top 10 for Cohorts 1 & 2
- Of the Top 30 zip codes for cohort #3, 22 of those zip codes were also in the Top 30 for Cohorts 1 & 2
- Of the Top 60 zip codes for cohort #3, 47 of those zip codes were also in the Top 60 for Cohorts 1 & 2

Top 60 zip codes for disenrollments

Instances spread into neighboring areas of Baltimore City (Central, South and Northeast) and Baltimore County (Halethorpe, Randallstown, Nottingham and Catonsville)

First instance in Allegany County (Cumberland) Zip code 21502 #33 Zip code

Instances spread in Washington County (Hagerstown) Zip code 21742

First instances in Frederick County (Frederick) Zip codes 21702 and 21703

Instances spread into neighboring areas of Prince George's County (Temple Hills, Fort Washington, Beltsville, Riverdale, Hyattsville, Laurel)

First instance in Charles County (Waldorf) Zip code 20602 #53 Zip code

Instances spread in Harford County (Edgewood) Zip code 21040 #59 Zip code

Instances spread in Wicomico County (Salisbury) Zip code 21801

*Sources: May 2023 (MAGI only). June: 2023 (MAGI and Non MAGI), July 2023 Redet
Additional Media Plan

- Convenience and Laundromat Stores - 35 zip codes - print and expand to digital presence
- New light rail advertising in Baltimore
- Expand radio buys in Washington DC, Hagerstown and Frederick; maintain current radio in Baltimore and Salisbury
- Bus shelter expansion in Hyattsville, Prince Georges, and Silver Spring; current bus shelter coverage in Baltimore City and Montgomery County
- Expand billboard advertising to Hagerstown and Frederick
- Expansion of paid search to include additional search terms

Medicaid to QHP Enrollment Update
Medicaid to Private Plan Enrollment Program

Certain eligible individuals no longer eligible for Medicaid are automatically enrolled by MHC into a private plan.*

Consumers may confirm, change, or cancel the plan, but must take action to effectuate coverage.

Program updates:

- As of October 11, 2023:
  - Nearly 21,000 individuals were auto-enrolled in a private plan
  - Nearly 6,300 auto-enrollees effectuated enrollment (30%)
  - An additional 2,000 individuals updated their information and reenrolled in Medicaid (10%)
  - Altogether, 40% of autoenrollees took action to retain coverage.

*Eligible populations include 1) Medicaid enrollees who are determined QHP eligible during a Medicaid redetermination who do not select a QHP within a certain number of days and 2) Medicaid enrollees who reported income exceeding the Medicaid eligibility threshold during the public health emergency, did not return to MHC to update their information during their redetermination, and MHC verifies their most recent attested income using electronic data sources.
MHC Open Enrollment Update
OE11 Marketing and Outreach Campaign Plan

Betsy Plunkett
Director, Marketing & Web Strategies
CAMPAIGN FOUNDATION
Goals

Our goal is to **increase enrollment in Qualified Health Plans** (QHP), specifically among our target audiences. To achieve this, we aim to:

- **Raise awareness of Maryland Health Connection (MHC) among Marylanders in transition**: MHC offers a strong value proposition for Marylanders who have recently lost a job, lost Medicaid coverage during the renewal process, or are experiencing other life transitions. We want to reinforce MHC as a source of stability.

- **Focus on new enrollees**: We know many Marylanders come in and out of marketplace coverage. Heading into OE11, we want to bring back previous customers and bring in new enrollees.

- **Center the needs of the hardest to reach Marylanders**: If we prioritize our efforts to reach Marylanders who face the most barriers, such as racial disparities, speaking languages other than English, limited access to technology, low health literacy levels, and more, our communications will be more accessible, and everyone will benefit.
Target Audiences

Our criteria for target audiences is those who (are):

• Eligible for a private health plan
• Among communities with disproportionally high uninsured rates
• Help make the marketplace sustainable

This results in a focus on:

• 19-37 year olds
• Black Marylanders
• Hispanic/Latino Marylanders
• Marylanders in rural areas
Our Message

Our creative content was driven by the goal to:

GET:  Uninsured Marylanders whose lives are in transition

   Be it losing a job, losing Medicaid coverage following the end of the public health
   emergency, moving to Maryland, turning 26 and aging out of your parent’s plan,
   deciding to be your own boss, etc.

TO: enroll or re-enroll in a health plan

BY: being a reliable resource that lets you do what you need to do to keep your life on track
RESEARCH
Market Research

In partnership with EurekaFacts, we conducted an online survey to gain a greater understanding of health insurance decision-making among Marylanders in transition (ex: job loss, turning 26). By studying this group, we aimed to:

• Understand health insurance choice and enrollment process among those likely to lose coverage or enroll in 2023-2024

• Explore how to increase awareness of what MHC offers among uninsured

• Explore messages, especially with those who do not prioritize health insurance

• Explore ways to increase brand awareness and favorability

Participant recruitment focused on:

• Currently uninsured
• Young adults
• Black and Hispanic Marylanders
• Statewide geographic representation including rural areas
• Marylanders with low incomes
User Experience Testing

We are in the midst of user experience testing to identify technical issues, points of confusion, and barriers to Marylanders navigating MarylandHealthConnection.gov and enrolling in the application.

**Known parameters:**
- Conducted during OE11 Open Enrollment
- Mix of participants regarding:
  - Race and geographic location
  - New enrollees and renewals
  - Eligible for private health plans and Medicaid
  - Enrolling on a desktop and mobile device

**Parameters to explore:**
- Participants enrolling through the mobile app, Enroll MHC
- Participants navigating the website in Spanish
Approach

**Goals:** Increase awareness of Maryland Health Connection and enrollment in private health plans among remaining eligible populations.

**Target Audience:** Uninsured Marylanders, with emphasis on:

- Young adults (19-34)
- Hispanic/Latino Marylanders
- Black Marylanders

**Timing:** Mid-October 2023 – January 15, 2024

**Budget:** $2,300,000
Following Hispanic Heritage Month, and just before open enrollment, we hosted a roundtable with MHBE Executive Director Michele Eberle, Del. Joseline Peña-Melnyk, Camille Blake Fall, Director of the Office of Minority Health and Health Disparities at the Maryland Department of Health, and Leslie Martinez from Montgomery County Health Connection.
Healthy at the Harbor Workout

To officially kick off open enrollment and draw press coverage on Nov. 1, we hosted a workout at the Inner Harbor, in partnership with the Waterfront Partnership of Baltimore, 92Q radio station, and select micro influencers.
Supporting CE Enrollment Events

Whenever possible, we leverage our marketing resources to uplift enrollment events hosted by our consumer assistance organizations, with an emphasis on those held in meta areas. This year, we are:

• Scheduling added-value radio remote to attend event and promote on station

• Hosting Facebook Live with radio or influencer personalities to promote upcoming event

• Launching a mobile digital billboard to drive loops in meta area to promote open enrollment, MHC and a connector entity (CE) event or office

SAC Discussion
Discussion Questions

● Are there any topics or issues you would you be interested in the Standing Advisory Committee addressing in 2024?
  ○ Suggestions from the September 14th SAC meeting:
    ■ Coverage of behavioral/mental healthcare services. Status/gaps in provider availability, narrow networks, etc.
    ■ Social drivers of health and how MHBE can engage more. Health as a whole system.
    ■ Funding for cancer patients (insurance programs). Delayed care due to prior-authorization. Discussion of mortality disparities.

● Other comments, questions, or suggestions?
