September 30, 2024

1-2 EXECUTIVE SUMMARY | 3-17 PRIVATE PLANS | 18 YOUNG ADULT SUBSIDY | 19 DENTAL | 20 VISION | 21 SHOP | 22-24 MEDICAID | 25 HOW CONSUMERS ENROLLED

- Enrollments in private plans ended September 2024 at 216,371. That was down slightly from 217,692 total at the end of August. But it was the largest enrollment ever for September on Maryland Health Connection, and was 14% higher than the 189,855 total at the end of September 2023. The data reflected strength in the marketplace as it heads into its 12th annual open enrollment period beginning Nov. 1.
- Income-based Medicaid enrollments through Maryland Health Connection ended September at 1,199,109, down 7% from one year earlier. That was notable because it was the first month in 2024 that Medicaid enrollments dipped below the 2021 total. That change came as a result of a year-long “unwinding” effort to re-establish the Medicaid eligibility rules that had existed prior to the pandemic emergency.
- 69,951 enrollees are new to the state exchange as of September’s total – also an all-time high.
- Enrollments by Black and Hispanic consumers were each up 24% compared to the prior September.
- Young adult enrollments were up 45% compared to the prior September.
