1-2 EXECUTIVE SUMMARY | 3-17 PRIVATE PLANS | 18 YOUNG ADULT SUBSIDY | 19 DENTAL | 20 VISION | 21 SHOP | 22-24 MEDICAID | 25 HOW CONSUMERS ENROLLED

- At the end of June, 216,706 were enrolled in private health coverage through Maryland Health Connection.
- That is the third month in a row for all-time record enrollment, up 22% from one year earlier.
- Twice as many enrollees (8,056) ended their plans in June as in the prior June (4,331), but that was more than offset by new enrollments this year (62,209 vs. 38,199 a year ago) and consumers' renewals of existing plans.
- New enrollments comprised 32% of all private-plan enrollments through Maryland Health Connection, a new record – up from 31% a month earlier.
- But new enrollments for June 2024 alone (7,999) were down 48% compared to new enrollments during June 2023 (11,867). That may portend a slowing of growth following the end of the “Medicaid Unwinding” – something to watch.
- Income-based Medicaid enrollments totaled 1,225,156 at the end of June. That was down 3% from the total one year earlier with the reinstatement of eligibility requirements that had been temporarily suspended in response to the Covid-19 public health emergency.
