## Annual Voter Registration Report:

The Maryland Health Benefit Exchange files this annual report to the Senate Committee on Education, Energy, and the Environment and the House Committee on Ways and Means, the number of individuals who completed an applicable transaction (application for or renewal of health care coverage in Maryland Health Connection, the state-based marketplace for insurance affordability programs) for the 2025 calendar year and the number of those individuals who chose to register to vote or update their voter registration record:

Description	2025 Count	2024 Count <sup>1</sup>	2023 Count <sup>1</sup>
Primary Applicants January 1 – December 18, 2024	1,021,421	1,060,682	977,417
Applicants who used Electronic Voter Registration Functionality	32,034	33,315	26,766
Applicants who requested Voter Registration Forms by Mail	9,939	13,530	11,396
Total Voter Registration/Changes through Maryland Health Connection	41,973	46,845	38,162

For eligible applicants, the voter registration process in Maryland Health Connection is integrated with the on-line health insurance affordability program application functionality. The user interface and file transmission to the State Board of Elections is fully automated.
