Informatica PowerCenter

Subscription Renewal · Aug 1, 2026 – July 31, 2027 · Invitation For Bid (IFB)

Background

MHBE utilizes the Informatica PowerCenter for data integration solutions to integrate various data sources, perform data extractions, data translations and data load functions of Health Benefit Exchange (HBX) core applications.

Data Integration

Integrates data sources across MHBE's technology ecosystem, connecting internal systems, carrier data feeds, state agency sources, and CMS federal data services into a unified data pipeline.

Data Extraction Translation

Performs complex extraction and transformation operations, converting data between formats and standards to support eligibility determinations, enrollment processing, and reporting requirements.

Operational Continuity

Powers MHBE's daily business operations including enrollment reconciliation, carrier file exchange, financial settlements, and regulatory reporting workflows.
