Open Enrollment Dates

Due to the recent *City of Columbus vs Kennedy court ruling*, MHBE will ask its Board to consider extending this year's OE period. The proposed OE period is November 1, 2026 – January 15, 2027.

The vote will be held during MHBE's Board meeting on Monday, July 20, 2026.

OBBBA Updates

MHBE has developed a communication timeline to inform consumers impacted by the upcoming changes under the One Beautiful Big Bill Act (OBBBA). A combination of notices, email, and text communications will be sent to consumers beginning August 2026.

An estimated 20,000 consumers will lose APTC beginning January 1, 2027, due to their immigration status no longer being eligible for tax credits. Carriers will see these updates on renewal transactions for the 2027 plan year.

Once approved, communications will be shared with carriers.

HB 684 - Provider Termination Special Enrollment Period

MHBE is working through the requirements for implementation of the provider termination SEP.

The SEP will not have consumer facing access. Consumers will need to contact the call center or work with a consumer assistance worker to enroll using the provider termination SEP.

A new SEP reason code will be established and shared with carriers.

HB 684 - Provider Termination Special Enrollment Period

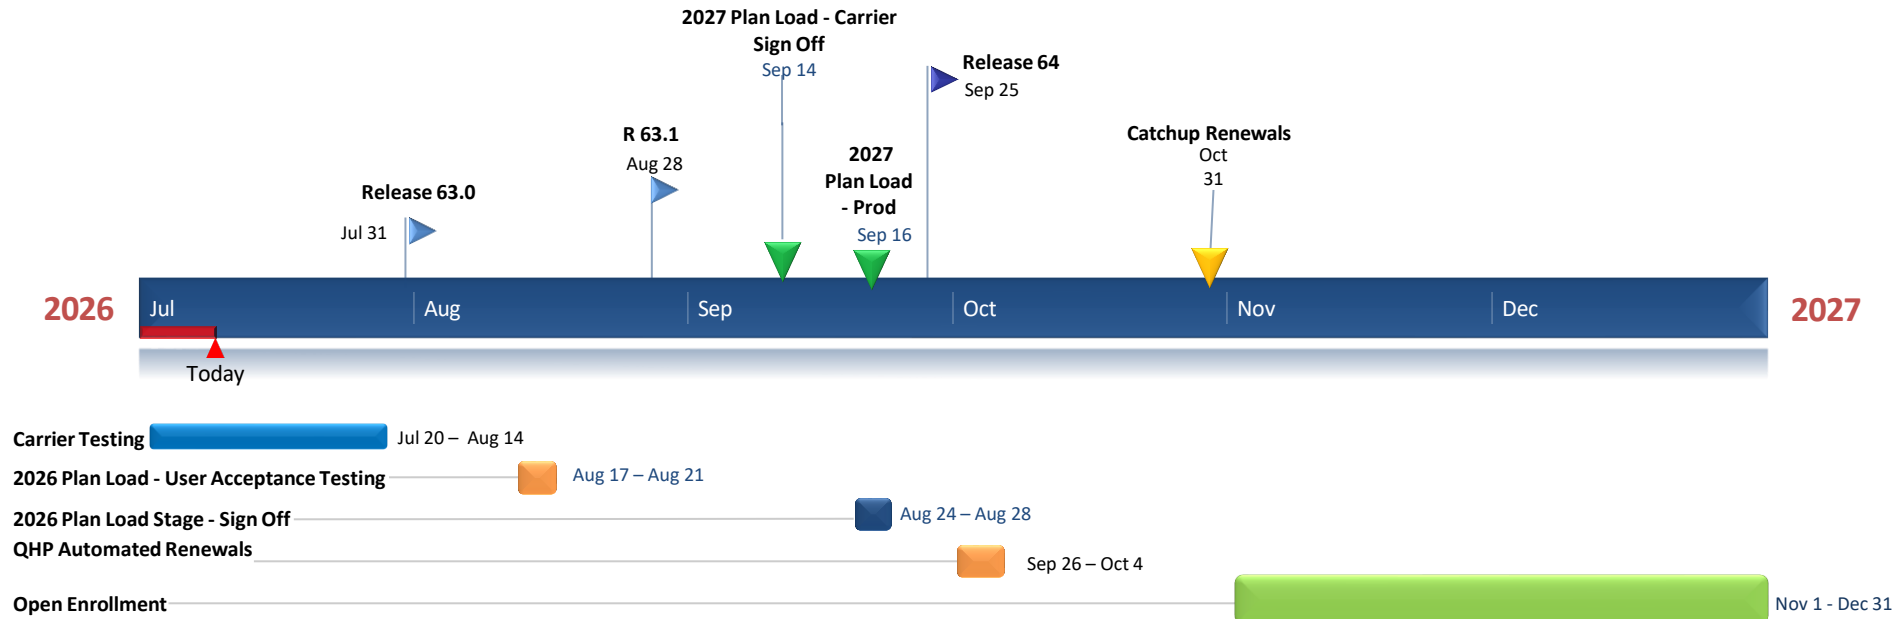

Considerations:

- ✦ Are there processes established by carriers on notifying enrollees?
 - ✦ What information is provided in notices from carriers to on exchange enrollees?
 - ✦ Timeline for notices?
 - ✦ Anticipated volume?
 - ✦ How do carriers anticipate establishing the SEP effective date?
